

# change Over Time

***"There is an unused quarry in .....  
It is about to be developed as a ....."***

You are required to investigate whether this is feasible/safe/practical.

- Use deBono's "Thinking Hats" to consider future use of the land/people that will have an interest in the development.
- Create an advertising brochure or powerpoint presentation about the scenario which you have chosen.

<p><b>White Hat</b> <i>Information Facts</i></p>	<p>List all the facts you know about the site – the location, previous land uses, the proposed new land use (briefly describe what the land will look like), the people interested in the development.</p>
<p><b>Yellow Hat</b> <i>Good Points</i></p>	<p>What are the interesting things about the project? What are the positive aspects of the project?</p>
<p><b>Black Hat</b> <i>Negative Points</i></p>	<p>List the issues of the project. What problems may occur? Why? How?</p>
<p><b>Green Hat</b> <i>Creativity</i></p>	<p>Brainstorm the facilities you will need on your site. Draw a map which shows how you developed the site. [Remember to include the title, legend, north arrow.]</p>
<p><b>Red Hat</b> <i>Emotions</i></p>	<p>Think about these questions.... How do you feel about the proposed new use of the site? How has mining changed this area?</p>
<p><b>Blue Hat</b> <i>Planning Reflection</i></p>	<p>What other options could have been considered for this site? Is this the best possible use of the area? Give your reasons why/ why not.</p>
